Kiddies Parties

CATALOGUE 2025

What we offer

Palm Parties was born out of our adorable cake smash sessions and has since grown into the heartbeat of our business.

At Palm Tree, we bring your Pinterest dreams to life. Whether it's the grandest vision or the tiniest detail, our goal is to create a truly personalized experience—making every client feel like the only person in our world.

From start to finish, we take care of it all: welcome boards, placemats, personalized stickers, centerpieces, digital invitations —you name it, we make it happen.

Our party packages are thoughtfully designed to meet your every need. And because no two celebrations are the same, each package can be tailored to suit your unique preferences.

If there's something special you'd like that isn't included, simply let us know and we'll do our best to make it possible.
